The screenshot shows a Firefox browser window displaying the SuperMeets website. A pop-up window is open, showing the job description for the position '001 Head Timer Lane 1 (08-10:30am) (2.5pts.)'. The description states: 'Verifies swimmer's identity (name, heat, lane & team) prior to each event. Using a team-supplied stopwatch, measures each swimmer's time, beginning at the starting signal and ending when the swimmer touches the wall on the final lap of their event. Timers should be on deck and in their assigned lane position 5 minutes before (7.55am) the start of the meet. Must check-in at 7:30am and attend a short 15 minute meeting with the Chief Timer. The "head timer" for each lane records all times for that lane (3 timers per lane) on the timer sheets and, once sheets are complete, gives them to Time Sheet Runner.' The pop-up window has a 'Close window' button.

Below the pop-up window, the website content is partially visible, including the 'Swim Team' logo and a list of volunteer positions. The positions are listed in a table below.
